WE WANT TO MAKE A POSITIVE IMPACT TO HEALTHCARE LOCALLY

- **We want to keep people informed about how to stay healthy plus offer support and advice to those with long-term conditions.**
- **We offer access to cancer care support networks for patients & carers. Focusing on survival & beyond.....**
- **We will be able to advise people where they can get support to manage a range of long-term conditions. Plus explain what is 'Self-Care'.**
- **The team are there to listen to queries relating to Abbey Medical Group and we work with the clinical team there, in the hope we can make local healthcare services the best possible.**
- **So, come and see us. If we do not have the answer to your problem, we will signpost you to someone who can assist you.**
